Thank you for engaging CCAS, LLC concerning the Ordering Dealer's Wholesale Invoice and trim tag affirmation of your 1967 Corvette Convertible. They satisfy our standards and data for affirmation in all respects.

Please be aware that with on-field judging situations CCAS, LLC affirmations are not applicable or appropriate and specifically have no influence. Further, it is neither the intent nor purpose of our affirmations to influence judging outcomes! In those environments and elsewhere evaluations based on guidelines such as: "typical", "normal", "appropriate", "usual" and "correct", - are not predicable.

This note is a strong and important supplement to your registered certificate. CCAS keeps copies of all *positive* evaluation communications and certificates in our files. In that regard, please keep this letter with your records.

Thank you very much for engaging CCAS, LLC for the affirmation of your Corvette. We hope to serve you and your cars in the future.

Yours truly,

Al Grenning, for CCAS, LLC
