

Queensland Corvette Club

PO Box 1094
Sunnybank Hills
Queensland 4109
Australia

Established in 1989, the Queensland Corvette Club is Queensland's first Corvette club. For over 25 years, members have promoted the Corvette marque by fostering a great environment for enthusiasts to build friendships while enjoying the car we all love. The club gains its strength by encouraging active participation in planned events including our annual concourse, show 'n' shine days, controlled driving days and a comprehensive social calendar. Many of these events are open to all Corvette owners and/or enthusiasts. If you'd like to be part of one of the State's great car clubs, contact our secretary, come along to a club meeting or event and drive your passion with a light hearted group of like minded friends.
