

Riverside Corvette Club

British Columbia
Canada

The Riverside Corvette Club was formed in 1975 by a group of like-minded enthusiasts who wanted to share their love affair with "America's only true sports car" and enjoy the camaraderie of other Veters. Long-time Corvette owners were given a forum to share their knowledge gained over years in the hobby or locate that hard to find part. Novices were quickly immersed in the rich history and folklore surrounding Zora's dream machine. The club rapidly grew and soon joined the Canadian Council of Corvette Clubs (Western Region), the umbrella sanctioning body for formal Corvette competitions throughout Western Canada. The club quickly became a force in competitive events such as slalom racing, concours de elegance, show and shine, and rallying. The club also participates in fun social activities and cruising, leaving ample opportunity for serious bench racing and trailer parties. An important part of this club is the involvement in the community by participating in Food Bank drives and fund-raisers for other charities.

Meeting Information: Our meetings are typically held on the third Thursday of every month. See the Events Calendar for meeting dates and locations.
