Founded in 1985, Sun Country Corvette Club is a social organization founded to promote the only true American sports car, the Chevrolet CORVETTE. The club gives Corvette owners a social atmosphere in which to share their common interests, information, technical tips, and other car "stuff", with other enthusiasts, and most of all....have FUN. Many of the club members have owned multiple Corvettes and have a long history with Chevrolet's finest automotive creation. Some members are new to the "fiberglass" family and benefit greatly from the knowledge they gain visiting with the "Old Folks". Whatever the reason, whether it be for knowledge gained, fun of the events, drive and dines, or the camaraderie of other "fiberglass" junkies, Sun Country Corvette Club members have enjoyed outstanding experiences and support for over 32 years.
