

National Road Corvette Club

Springfield, Ohio 45501
United States

The National Road Corvette Club was founded in 2000 by Corvette enthusiasts from Clark County, Ohio. The club is named for the historic National Road (U.S. Route 40), which bisects Clark County and its county seat, Springfield. Since its founding, the club has grown to 83 members who have 70 Corvettes from a 1957 convertible to a 2020 Z51. We are sponsored by Steve Austin's Auto Group in Bellefontaine, Ohio. We are active members of the Ohio Alliance of Corvette Clubs, and the National Corvette Museum. We participate in many activities during the year including a monthly meeting with a social hour at a local restaurant, a summer picnic, and a Christmas Party. We participate in summer trips ranging from one to three days including National Corvette Museum events, Bloomington Gold, the annual summer "Gathering" sponsored by the Ohio Alliance of Corvette clubs, Bud's Chevrolet Corvette annual Corvette Car show, and last, but not least we attend car shows that are held by members of the Ohio Alliance of Corvette Clubs. Our members hail from Champaign, Clark, Clinton, Greene, Licking, Logan, Miami, and Montgomery counties. Bring your Corvette and join us -- you will find that we joined because of the car and stayed because of the people.
