TO ALL DENVER ZONE CHEVROLET DEALERS:

As in the past, 1963 Corvette Destination Charges are not published by dealer location. Chevrolet publishes the Corvette destination charge only to Zone Office locations and it is felt that Corvette price quotations can be made using this charge as an approximate guide.

For your information, the Corvette destination charge to Denver effective with 1963 Model shipments is \$108.75 for both Models 837 and 867.

Very truly yours,

D.G. Schneider
