## 2019 Corvette ZR1: Service Bulletin: #19-NA-042: Yellow Tint to ZR1s Hood and Engine Cover Exposed Carbon Fiber Parts

## #19-NA-042: Yellow Tint to ZR1s Hood and Engine Cover Exposed Carbon Fiber Parts - (Feb 28, 2019)

**Subject**: Yellow Tint to ZR1's Hood and

Engine Cover Exposed Carbon Fiber

**Parts** 

Brand: Model: Model Year: VIN: Engine: Transmis

from to from to sion:

Chevrole Corvette 2019 2019 All All

t ZR1

Involved Region or Country North America and N.A. Export

Regions

**Condition** Some customers may comment that

the ZR1's exposed carbon fiber hood parts appear to have a yellow tint appearance when compared to other

carbon fiber parts.

Cause The cause of the condition may be that

the carbon fiber hood and engine cover use a different impregnated carbon fiber resin, which is more heat

resistant. The different resin may

Correction

cause a color shift; and the lighting source and direction of view will sometimes highlight this color shift. There is no problem with the paint application on these carbon fiber parts, and NO repair attempts should be made to change the color of the parts.

Version Modified

Released February 28, 2019
