## 2005 - 2006 Corvette: Engine Oil Life Monitor Reset

## 2001 - 06 Corvette

- 1. Turn the ignition to ON, with the engine off.
- 2. Press the TRIP button so the OIL LIFE percentage is displayed.
- 3. Press RESET and hold for two seconds. OIL LIFE REMAIN 100% will appear.

General Motors bulletins are intended for use by professional technicians, not a "do-it-yourselfer". They are written to inform those technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions and know-how to do a job properly and safely. If a condition is described, do not assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See a General Motors dealer servicing your brand of General Motors vehicle for information on whether your vehicle may benefit from the information.
