

1989 - 1995 Corvette: Rebuilding Bilstein Shocks by Bilstein Corporation

Subject: Bilstein Shocks: Revalve Service by Bilstein Corporation

An alternative to replacing used Bilstein adjustable shock absorbers is to have them re-valved by Bilstein Corporation. Bilstein will rebuild/re-valve your shocks, per your instructions, for \$55.00 per shock. The turnaround time for the rebuild/re-valve service is about 2 weeks. This service is performed at Bilstein in Poway, CA.

They also sell the Bilstein FX3 Controller, Slalom & Road Race chips, and front/rear actuators for selective ride Corvettes.
